

ADVANCES IN
ONCOLOGIC
PATHOLOGY

Padua, Italy

May 13th/17th 2019

Preliminary Programme Schedule

May 13h

Inaugural Ceremony

17:30/17:45	Sarino Rizzuto. Welcome from the Rector of the University of Padua
17:45/18:00	Angelo Dei Tos. Introduction
18:00/18:45	Massimo Rugge: Gastic cancer: a preventable disease
18:45/19:30	Christopher DM Fletcher: How should surgical pathology evolve?

May 14th

Advances in Gastrointestinal Pathology

AM

Advances in Soft tissue Tumor Pathology

PM

09:00/10:00	David Klimstra - Advances in pancreatic and biliary neoplasia	13:30/14:30	Christopher Fletcher – Diagnostic pitfalls in soft tissue tumours
10:00/10:30	David Klimstra - Case Discussion	14:30/15:00	Christopher Fletcher - Case Discussion
10:30/11:00	<i>Coffee break</i>	15:00/15:30	<i>Coffee break</i>
11:00/12:00	Jason Hornick - Mesenchymal neoplasms of the GI tract	15:30/16:30	Angelo Paolo Dei Tos – New morphologic/molecular entities
12:00/12:30	Jason Hornick - Case Discussion	16:30/17:00	Angelo Paolo Dei Tos – Case Discussion
12:30/13:30	<i>Lunch</i>	Medical Oncology Meets Pathology	
		17:00/17:45	Paolo Casali - The clinical impact of sarcoma classification

May 15th

Advances in Oncologic Dermopathology

AM

09:00/10:00	Eduardo Calonje – Update on melanocytic and lymphoproliferative cutaneous lesions
10:00/10:30	Eduardo Calonje – Case discussion
10:30/11:00	<i>Coffee break</i>
11:00/12:00	Thomas Brenn: Update on adnexal and mesenchymal cutaneous lesions
12:00/12:30	Thomas Brenn - Case Discussion
12:30/13:30	<i>Lunch</i>

Advances in Urologic Pathology

PM

13:30/14:30	Cristina Magi Galluzzi: Prostate cancer: what's new, true and important?
14:30/15:00	Cristina Magi Galluzzi - Case Discussion
15:00/15:30	<i>Coffee break</i>
15:30/16:30	Guido Martignoni: Update on tumors of the kidney
16:30/17:00	Guido Martignoni – Case Discussion

May 16th

Advances in Breast Pathology

AM

09.00/10:00	Stuart Schnitt – The spectrum of triple negative breast neoplasia
10:00/10:30	Stuart Schnitt – Case discussion
10:30/11:00	<i>Coffee break</i>
11:00/12:00	Stuart Schnitt – Problematic issues in breast core needle biopsies
12:00/12:30	Stuart Schnitt - Case Discussion
12:30/13:30	<i>Lunch</i>

Advances in Gynecologic Pathology

PM

13:30/14:30	Marisa Nucci – Update on gynecological mesenchymal neoplasia
14:30/15:00	Marisa Nucci - Case Discussion
15:00/15:30	<i>Coffee break</i>
15:30/16:30	Marisa Nucci - Update on endometrial neoplasia
16:30/17:00	Marisa Nucci – Case Discussion
Medical Oncology Meets Pathology	
17:00/17:45	Pierfranco Conte – The clinical impact of pathology in the treatment of breast cancer

May 17th

Advances in Lung Pathology

AM

Advances in Hematopathology

PM

09.00/10:00	Sanja Dacic – Gray zones in the WHO classification of Non Small Lung Cancer	14:00/15:00	Fabio Facchetti – Histiocytic and dendritic cells neoplasms: an update
10:00/10:30	Sanja Dacic – Case discussion	15:00/15:30	Fabio Facchetti- Case Discussion
10:30/11:00	<i>Coffee break</i>	15:30/16:00	<i>Coffee break</i>
11:00/11:45	Mauro Papotti – Gray zones in the WHO classification of neuroendocrine lung tumours	16:00/17:00	Elaine Jaffe - Current concepts in the classification of peripheral T-cell lymphomas and anaplastic large cell lymphoma
11:45/12:15	Mauro Papotti - Case Discussion	17:00/17:30	Elaine Jaffe – Case Discussion
Medical Oncology Meets Pathology		17:30/17:45	Angelo Paolo Dei Tos - Closing remarks
12:15/13:00	Giorgio V. Scagliotti - The clinical impact of lung cancer diagnostics		
13:00/14:00	<i>Lunch</i>
